

## Zodiac Aerospace Acquires TriaGnoSys

Plaisir, 06 September 2013 – Zodiac Aerospace has completed the acquisition of TriaGnoSys, the German based company specializing in inflight connectivity and wireless entertainment and cabin systems. TriaGnoSys will be part of Zodiac Inflight Innovations (ZII) providing integrated connectivity with RAVE™, ZII’s inflight entertainment system. TriaGnoSys will provide access to inflight Internet and GSM technology along with many other advanced communications technologies. With this acquisition, Zodiac Aerospace is now in a position to offer a complete cabin interior, including advances in seat and IFEC integration.

### About Zodiac Aerospace

Zodiac Aerospace is a world leader in aeronautical equipment and systems designed for commercial, regional and business aircraft, as well as helicopters and spacecraft. Zodiac Aerospace has 30,000 employees worldwide, and brought in sales revenue of €3.4 billion in 2011/2012 through its five business segments: Zodiac Cabin & Structures, Zodiac Galleys & Equipment, Zodiac Seats, Zodiac Aerosafety and Zodiac Aircraft Systems.
